6. **The IRP Mileage** page appears

- a. On the mileage screen enter all actual miles that was accumulated during the reporting period (July 1, xxxx- June 30, xxxx). If there were no miles to report in a jurisdiction, leave the box blank (do not enter a 1 or a 0). Also do not enter unrealistic miles as these miles need to be actual miles and not appear to be rounded. If there are no actual miles to report during the reporting period call Motor Carrier Services at 1 866 831 6277

Does this fleet have reportable actual distance?

If creating a new fleet and the vehicles in this fleet accrued actual distance during the distance reporting period (July 1, 2014 through June 30, 2015) , actual distance must be reported and will be used to determine the apportionment fees.

By answering "YES" you are indicating that the registrant **did** have actual distance accumulated during the distance reporting period, and actual distance will be reported.

By answering "NO" you are indicating that the registrant **did not** have actual distance accumulated during the distance reporting period, and the base jurisdiction's average distance chart will be applied.

Note the base jurisdiction may audit the registrant's records.
